Your comments will be appreciated either, here or in a separate envelope.

- A fenced dog park would be wonderful and also allow volunteer opportunities to keep it clean. The holding pond on 7800 S would be ideal, as it is not too close to traffic and there is plenty of space to park. I live across the street and would love to volunteer to help maintain it.
- Get rid of the stupid train

- I would love to see a splash pad we go to kaysville alot to use their park and splash pads, i think it would also be nice to have more kid friendly places for fishing....the river doesnt have very many easy access spots for our kids to enjoy.
- Its stupid to have all of these "parks" (open grass land) but not allow dogs in them, on them etc. There are a ton of homeowners in SW with dogs, but we have to walk them on sidewalks only or risk tickets. I can understand the kid friendly and well trafficked parks but not the open areas.
- Overall we love our LITTLE south Weber City! We love the open spaces and country, small-town feel. Most of these answers were based off our desire to keep South Weber that way.
- Playgrounds for toddlers and young children. Safe bike/walking trail connecting to Layton.
- The gym needs to be open during school hrs. For us that like that time of day to excer.
- the side walks to the school on Weber Drive have thorns all over it makes it very difficult to ride bikes
- The Whole train park thing is utterly ridiculous. It's become a huge joke to city members. The baseball fields are poorly maintained. It's crazy that we don't have lighting for the fields. Lights and importovex maintenance would definitely bring more people to our city and get more people involved!
- There are too many parks in the city already. No new parks are needed. Home owners have yards
- trails, trails
- We firmly disagree that taxes should be used to fund Train Hobbieist. I don't mind park or their using the space but 100% of the funds to support should from donations or user fees. If the train cannot be self subsidized it should be removed.
