

Fly Fish Experience

South Weber City invited Anglers Den to provide some training for anyone who would like to learn how to fly fish or improve the skills you already have.

The classes will be broken into 4 different experiences as follows.

- General overview- Explanation of what fly-fishing is, techniques, basic-aquatic bugs and how to determine the bugs the fish are eating.
- Equipment basic selection of Rods, Reels, lines and all accessories.
- Casting class Proper techniques how to pick up line and how to lay it down. Roll cast, double haul, how to put the fly where it needs to be.
- How to read the water to determine where the fish are hiding or holding.

For those who want to fish on water we will have a select pond where we can schedule 3-4 people at a time to come and have you experience the weight of water on the line, and see how well your presentation of the fly is.

Classes available to any who would like to tie their own flies.

Rate yourself from 1-5?

1-having no experience or knowledge and 5 your well versed.
