## Happy Valentine's Day!

### Mayor's Message

Hello, Great South Weber Citizens!

We're so excited to welcome our newest councilman, Blair Halverson! Blair is well-informed about what is going on in the city. He is from the west end of town. I am confident that he will bring new insights and abilities to the council. We had a great group of candidates to make our selection from. Any one of the five would have done a fantastic job. Thanks so much, all of you, for applying and taking an active interest in our City's future.

I want to give a big shout out to our Public Works Department! This is the second year in a row that our employees have had to snow plow on Christmas Eve and Christmas morning. Thanks for sacrificing to make Christmas Day a great holiday for the rest of us!

*(Continued Pg. 2)*

Please be watching this Spring for the large digital sign that will be constructed on the NE corner of the Maverik Gas Station. The design and construction of this sign has been two years in the works and will serve to better inform the citizens of South Weber of upcoming events as well as emergency information that will greatly increase public safety (the council's #1 priority). So many of our residents have donated time and supplies to make this sign possible! I would like to thank Nate Reeve, engineer; Staker/Parson's Gravel Pit for donating the 5'X10' digital display; Brad McDougal, liaison with Maverik for donating property for the sign as well as electrical hook-ups; Carl Bastian for the donation of rock materials and construction of the digital housing structure, Keith Christensen for construction of the sign foundation; and Keith and Vicki Christensen for helping with the design of the wood and metal "Welcome to South Weber City" sign that will sit above the digital display. This project has truly been a team effort and it will be wonderful to see the results!

I hope everyone is staying warm this winter. Please feel free to come and visit with me at the City offices with any questions or concerns. I will do my best to be available on Wednesdays from 12 pm to 2 pm.

-Mayor Sjoblom

## **Business Licenses**

Please be aware that a 50% penalty has now been assessed to the license fee for all business license renewals which have not been paid, and a 100% penalty will be assessed to the fee for any business license renewal which has not been paid by March 1<sup>st</sup>. If you have any questions or concerns, please contact Kim Guill at [kguill@southwebercity.com](mailto:kguill@southwebercity.com) or at 801-479-3177 ext. 201.

**We have been receiving multiple complaints from citizens that children are entering private properties and breaking things. Please remind your children to stay away from private property and to be respectful of any "No Trespassing" signs. Thank you!**

## Code Enforcement Notes/A Message from the Fire Department

Use these cold winter months to make sure that it is safe in your home by checking your Carbon Monoxide Detectors as well as your smoke detectors.

Recently on our South Weber Fire Department Facebook Page, we shared a video that portrays the life Safety effects of sleeping with the door closed. Please look and see the differences of closed doors versus opened doors. When Integrated Smoke Detectors and closing your doors are used together, this gives us the best chance to help you escape a fire.

If you have any questions or if you need any family safety ideas, please feel free to contact our Fire Department by calling or messaging us on Facebook. Our goal is to help you and your family be safe.

Currently we have a CERT class going on at the station, By February, we will be 3 weeks into the course. Due to the great interest in this class, we will be holding a spring/summer course in April or May.

-Chris Tremea

*A Message from the Davis County  
Sheriff's Office*

Greetings South Weber Residents,

So far, it has been a light snow year; however, it is forecasted that snow is coming. The Sheriff's Office would like to again remind you that Winter Parking Restrictions are in effect to ensure that your streets are properly cleared of snow. The parking restrictions are as follows: **No on street parking between the hours of midnight and noon. A temporary parking permit may be issued through the City offices to residents or persons visiting, for emergencies, or other unusual circumstances with good cause shown.**

The Sheriff's Office Deputy/Paramedics have also seen an increase in respiratory distress calls this year often related to the significant outbreak of influenza. The number one way to prevent the spread of the flu virus begins with good hand washing. It's also not too late to get a flu shot, which has proven to be effective in preventing or limiting the virus. Last, if you do get sick with the flu, it's a good idea to stay home until you recover. You will get better faster and help prevent the spread of the virus. Take care of yourself because you are worth it.

The Sheriff's Office believes in a team approach in keeping our community safe. The watchful eyes and ears of our residents reporting suspicious activity in their neighborhoods is extremely beneficial to our Deputies. Please visit and become familiar with the Sheriff's Office website at <http://www.daviscountyutah.gov/sheriff> where you can find links to "Submit a Tip" or send us an email with your concerns. We would love to hear from you.

Stay Safe South Weber and Happy Valentine's Day!

Winter Ordinance Reminders

We are anticipating some heavy snow storms in the next month. Here are a few guidelines on snow removal and keeping our city safe during these weather conditions.

**Code 6.01.040 (D):**

No on-street parking from 12 o'clock midnight until 12 o'clock noon from November 1<sup>st</sup> through March 31<sup>st</sup>.

**Code 7.01.020 (A):**

Keep sidewalks clear of snow, sleet, and hail.

**Other reminders:**

Slow down in the school zones and watch for children and buses, get the snow blowers and plows serviced, check rain gutters and fireplace chimneys, and clear off sidewalks and 3 feet around fire hydrants.

**DON'T FORGET:**

It is unlawful for any person to deposit or blow snow, or any other material, onto the street!

For further information regarding street priorities and general snow-plowing procedures, please visit our City Website:
