## Mayor's Corner

Hello again, good citizens of South Weber!

I want to give a huge shout out to the South Weber Country Fair Days Committee for an outstanding week of events! I would especially like to thank Holly and Travis Williams, Tani Lynch, and Vicki Christensen for chairing this event. If you missed out on the festivities, please make sure you mark your calendar early for next year. This is a great community and family activity!

Folks, thanks to South Weber City and Chief Derek Tolman, we now have an incredible, full-service fire department! Our team has obtained A-EMT licensing from the state of Utah and is now running their own ambulance service. They are staffed 24/7/365

with competent, career firefighters. They have tripled their Wildland Fire response capabilities and get paid by the state to deploy to northern Utah fires. In fact, our staff is more highly trained and certified than ever before and can respond to any emergency now with their own personnel. Thank you, South Weber Fire Department, for keeping our City safe!

Finally, and I mean FINALLY, our digital sign is up and running. It has taken 2 ½ years to bring this sign to fruition. I think it will greatly improve communication and safety in our City. However, those of you travelling north on the frontage road, please be very careful when turning right at the stop light. Although this sign conforms to City ordinances and UDOT requirements, it is still difficult to see around when making a right turn. Please exercise caution and keep our community safe.

Hope you are all enjoying the new school year!

-Mayor Jo Sjoblom

## Fire Prevention Night

Come and join the South Weber Fire Department on Monday, October 1, 2018 for their annual Fire Prevention Night! They will have lots of fun games and exciting educational events for all ages. This event will go from 5:30 pm to 8:00 pm.

Hope to see you there!

## Reminders

Now that school has started, South Weber City asks that residents please follow these 4 tips in helping to keep our children safe:

**-Be patient as you drop off and pick up your children at the Lester Dr. and 1250 E intersection**

**-Be attentive to all crosswalks, the crossing guards, and the flashing crosswalk street lights**

**-Observe the 20-mph speed limit when crosswalk lights are flashing**

**-PLEASE do not text or use any form of electronic device in or around any school zone.**

## Secondary Water FAQ

*Provided by Weber Basin Water Conservancy District*

**Q:** When will secondary water be turned on and off for the season?

**A:** Typically, the District or its' partnering agencies begin charging the secondary system (allowing water into the pipelines) the week of April 15<sup>th</sup>. This process typically takes approximately 3-4 days to fully pressurize the system. Water is no longer delivered to the system starting around October 15<sup>th</sup>. These dates are all subject to available water supplies and can change.

**Q:** Why does my secondary water seem to have lower pressure than normal?

**A:** Most secondary systems have had filters installed to limit the amount of debris that may plug valves and sprinkler heads on the system. These valves require periodic cleaning. Please check your filter to ensure it is clean on a regular basis. The required frequency of these cleanings will depend on water use and the location of your connection within the secondary system.

**Q:** What if I find a leak on the secondary system?

**A:** If a leak is located downstream of the District's valve or meter, where applicable, the homeowner will be responsible for the repairs. If the system needs to be shut off to facilitate the repair and no homeowner valve can be located, please contact the District or the appropriate operating agency for assistance. If the leak is in front of the District valve, please contact the District or appropriate operating agency immediately.

**Q:** How am I billed for secondary water?

**A:** Most connections are billed as a direct charge on your property taxes.

**Q:** What is the size of my service connection?

**A:** The District determines service connections on a case-by-case basis considering things such as lot size and system pressure. Typically, lots measuring less than an acre will have a 1-inch service connection, lots measuring larger than 1 acre up to 1 ½ acres will have a 1.5" service connection, and lots larger than 1 ½ acres will have a 2 – inch service connection.

### Change a Life

#### Become a Reading Mentor Volunteer

Davis Co. Retired & Senior Volunteer Program (RSVP)

Seeking volunteers, age 55+ to serve as Reading Mentors in elementary schools throughout Davis County. Programs begin late September.

**ENROLL TODAY!**

## Code Enforcement Notes

Please keep your trees, bushes, and other plants off the sidewalk to a height of 7 feet and at least 14 feet above the curb or street. During the winter, the branches tend to be weighed down and fall below that 14-foot requirement. Please take care of this while the weather is warm.

Having trees, weeds, bushes, or other debris overlap a sidewalk can be very dangerous for those that like to exercise using the safety of the sidewalks. When there is not enough passage along the sidewalk, it forces pedestrians into the roadway. Warnings and/or citations will be issued for obstructed sidewalks. Please do not allow landscapers to place boulders, rocks, or dirt over the sidewalk or on any portion of the roadway; you, as the homeowner, will be responsible for any damage to the roadways or sidewalks caused by landscapers.

Please keep in mind that all premises shall have permanently attached address numbers plainly visible and legible from any public access. The numbers shall be a minimum of three inches (3") and be a color that contrasts with the background. Any premises that are concealed from public access must post the address in a location visible from public access.

*(9.01.050 Premises Identification)*

---

## THE FAMILY ACTIVITY CENTER

1181 East Lester Drive, South Weber City, UT 84405 801-476-4445

Fall Soccer, Flag Football & Co-ed Volleyball seasons start this month. We still have open spots.

We still need some ideas from our senior citizens about getting together during the week.

FAC is now on school hours. (see calendar)

Senior Lunch October 12<sup>th</sup> 1:00 pm FAC

Follow us on Facebook @ South Weber Family Activity Center
