

1 **SOUTH WEBER CITY COUNCIL MEETING**

2  
3 **DATE OF MEETING:** 14 October 2014 **TIME COMMENCED:** 6:02 p.m.

4  
5 **PLEDGE OF ALLEGIANCE:** Council Member Casas

6  
7 **PRAYER:** Council Member Poff

8  
9 **PRESENT: MAYOR:** Tammy Long

10  
11 **COUNCILMEMBERS:** Scott Casas  
12 Randy Hilton  
13 Michael Poff  
14 Marlene Poore  
15 David Thomas (excused)

16  
17 **CITY RECORDER:** Tom Smith

18  
19 **CITY MANAGER:** Duncan Murray

20  
21  
22 **Transcriber:** Minutes transcribed by Tom Smith

23  
24 

---

  
25 *A PUBLIC WORK MEETING was held at*  
26 *5:30 p.m. to*  
27 *REVIEW AGENDA ITEMS*  
28  
29 

---

30  
31  
32 **VISITORS:** Clint Thacker, Rob Osborne, Debi Pitts, Tracy Roddom, Jo Sjoblom, and Arlyn  
33 Bradshaw

34  
35 **Mayor Long called the meeting to order and welcomed those in attendance.**

36  
37 **APPROVAL OF THE AGENDA:** Council Member Casas moved to approve the agenda as  
38 written. Council Member Poore seconded the motion. Tom called for a roll call vote.  
39 Council Members Casas, Hilton, Poff, and Poore voted yes. The motion carried.

40  
41 **CONFLICT OF INTEREST:** There was no declaration of conflict of interest made by the City  
42 Council.

43  
44 **CONSENT AGENDA:**

- 45 • **Approval of 9-9-14 City Council Meeting Minutes**  
46 • **Approval of 9-16-14 City Council Work Session Minutes**  
47 • **Approval of 9-23-14 City Council Work Meeting Minutes**

48 • **Approval of 9-23-14 City Council Meeting Minutes**

49  
50 Council Member Poore moved to approve the consent agenda. Council Member Hilton  
51 seconded the motion. Tom called for a roll call vote. Council Members Casas, Hilton, Poff,  
52 and Poore voted yes. The motion carried.

53  
54 **REPORTS:**

55  
56 **Presentation request by Tracy Roddom with the Davis County Animal Control Shelter and**  
57 **Arlyn Bradshaw with The Best Friends Animal Society**

58  
59 Clint Thacker representing The Davis County Animal Control Shelter introduced the  
60 Trap, Neuter, and Return program. He explained that the program entails taking a  
61 healthy cat that shows no sign of ownership: sterilize, and vaccinate, microchip the cat  
62 (behind the ear), and then take it back out to the area where it was, instead of having in a  
63 shelter. The reason for the program is to examine whether the cat would be replaced by  
64 another cat and to evaluate if this approach would keep the cat population down. He went  
65 on to explain that because of vaccination and sterilization the program would insure that  
66 the population of cats would go down and thereby lower their operational budget which  
67 would then cost less money for tax payers. Mr. Thacker expressed that there are other  
68 cities in Davis County that are implementing this program as well.

69  
70 Arlyn Bradshaw representing The Best Friends Animal Society explained that in Utah  
71 52% of all cats that enter their shelters are euthanized, and that 5% of cats in the Davis  
72 County shelter were returned to an owner. This was as the result of the lack of shelters for  
73 them. What is a community cat? This is a term that comes from the State statute which  
74 means: a feral cat that hasn't been vaccinated or ear chipped. Under the program, rather  
75 than being euthanized, a cat would be chipped and vaccinated. Government can release  
76 these cats to a third party organization and they would pay the difference in the costs. The  
77 issue for the City is nuisance abatement and when these cats are sterilized the nuisance  
78 abatement is decreased substantially. It also helps to identify the areas where they need to  
79 be deterred. The shelter also provides additional programs and ideas for abatement. The  
80 long term benefits are that it will reduce shelter admissions and operating costs. Stray cats  
81 have to be held at least 5 days. The program will help to create a safer community due to  
82 their vaccination and increase job satisfaction for the shelter staff. The program started in  
83 2010 and after 4 years of the program the save rate is 94%. Complaint calls have also  
84 decreased, return to owner rates have also decreased by 20%. Should the South Weber  
85 City Council want to adopt this program, the City could default to Davis County Shelter  
86 for assistance. Clint Thacker and Arlyn Bradshaw would like an approval from South  
87 Weber City to participate in a five year program. They commented that the public wants  
88 lower euthanasia rates but the community has to change something to make that happen.  
89 Clint and Arlyn already have an ordinance in place; they are just looking for approval.  
90 Councilmember Casas asked if there have been reports of cats causing harm in South  
91 Weber City. Clint responded with an evaluation of their process and wasn't absolutely  
92 sure. Councilmember Poff said that contractually you are required to present once a year,  
93 and would like to see where the City is as far as licenses are concerned. Clint said they  
94 send out a report of the new figures. He will complete one for the 3<sup>rd</sup> quarter for Duncan  
95 and the council to address the matter by resolution. There is no additional cost to the city

96 the agreement stays within the contract already made by the City. Councilmember Casas  
97 inquired as to who has been approached with the program. Clint responded that West  
98 Point and Bountiful have yet to be approached. Clinton City mentioned that they would  
99 not like to participate. In March they made a presentation in a COG meeting.

100  
101 **Presentation by Highmark Charter School concerning a proposal to assist with trash**  
102 **removal at the park & ride**

103  
104 Duncan explained that this item was to be tabled for the 28<sup>th</sup> meeting City Council Meeting  
105 per the applicants request.

106  
107 **APPROVALS:**

108  
109 **Sept. 16-30 Check Register and August Budget to Actual Report**

110  
111 Duncan explained the check register to be the 1<sup>st</sup> through the 15 and/or the 16 – 30th of the  
112 month. The register is what dictates all of the checks made for those time frames. Budget  
113 to actual reports will be made on a monthly basis. The purpose is to inform you of where  
114 the City is at for the budget, to make sure we are not over spending, and to see trends. It  
115 also has all of the expenses for the month and gives you a chance to see all of the finances  
116 for the month. It also includes the fuel charges for the month.

117  
118 **Council Member Casas moved to approve the check register for September 16-30. Council**  
119 **Member Poore seconded the motion. Tom called for a roll call vote. Council Members**  
120 **Casas, Hilton, Poff, and Poore voted yes. The motion carried.**

121  
122 **ORDINANCE 13-18: Amendment to City's Zoning Map – Change of Zoning Parcel #13-**  
123 **023-0022, 13-006-0031, & 13-006-0025; approximately 30 acres from Agricultural (A) to**  
124 **Residential Moderate (RM) & 8 acres from Agricultural (A) to Residential High (RH);**  
125 **located at approx. 6650 South & 475 East; Applicants: Uinta Land Company**

126  
127 Duncan explained that this item was to be tabled for the 28<sup>th</sup> meeting City Council Meeting  
128 per the applicants request.

129  
130 **DISCUSSION ITEMS:**

131  
132 **Dump truck repair and purchase proposal**

133  
134 Duncan explained that the City is faced with an older dump truck/snowplow vehicle. This  
135 vehicle is a multi-use vehicle. He expressed a need to get it through this season; fixed and  
136 replaced for this upcoming season. The City must then prepare a long range plan to  
137 purchase a new or used vehicle for the years to come. We need to evaluate how we want to  
138 move forward multiple years into the future. There was information included in the packet  
139 as to how much a new vehicle would cost, how much a used vehicle would cost, and the  
140 costs of repairs for the current vehicle we have. Also the City would like to look into the  
141 States Surplus.

142

143 **Mark Larsen:** Stated that he is here to answer any questions the Council might have.  
144 **Council member Hilton** asked about volatility, to see into the future. **Duncan** commented  
145 that at some point it becomes a money pit. **Mark** indicated that it would cost \$5,000.00 just  
146 to get the truck up to safety standards, and that doesn't include the plow or the sander.  
147 The truck is 19 years old, and most trucks go for 2-3 years. **Councilmember Hilton** said  
148 that he vaguely remembers a discussion about the need to purchase a dump truck. **Mark**  
149 replied that he had been bringing it for the past three years. **Mark** also said that he and  
150 **Dariel** had talked about it but that there was some confusion as to budget allocation. **Mark**  
151 affirmed councilmember **Poore's** inquiry that the City has two bobtail trucks and 3 regular  
152 trucks with plows attached. **Councilmember Poore** would like some additional information  
153 for next week's meeting. **Councilmember Hilton** expressed that we might have a difficult  
154 time finding a truck right now. **Mark** explained why buying a new truck now would be  
155 better than buying a used truck. He expressed that buying a used truck now would be very  
156 difficult and that it might not be in greatest condition. **Mark** said we use a unique truck  
157 and that all of our trucks are used in our cul-de-sacs, on hills (and have opted to by 4x2  
158 instead of 4x4 trucks to save money), the sand spreads the salt out the back instead of  
159 underneath, and the trucks are used in every storm we have because we have such a small  
160 staff. **Councilmember Casas** said that he googled a model for sale for \$50,000.00 in Lake  
161 City. **Mark** explained that a snow plow sander has to be removed and then attached. **Mark**  
162 can make any truck run it just depends on how much we want to spend. **Councilmember**  
163 **Poore** wants to investigate the State surplus auction. **Mark** expressed that purchasing from  
164 the State Surplus auction would be like buying the vehicle we already have, that's why  
165 people surplus them, but that he can do whatever the Council would like.

166  
167 **MAYOR'S ITEMS:** The base has reopened at the south gate

168  
169 **COUNCIL MEMBER ITEMS:**

170  
171 **Council Member Casas:** Trees got planted in the parks and that work is being done on deer  
172 run drive by one of the water companies.

173  
174 **Council Member Poff:** No items to address

175  
176 **Council Member Hilton:** Dump smell is getting better and is not nearly as bad as it was.  
177 **Duncan** spoke with the assistant director and they had some complications with their  
178 disposal but that things are improving

179  
180 **Council Member Poore:** No items to address

181  
182  
183 **CITY MANAGER ITEMS:** Completed the City Managers report

184  
185 **CITY RECORDER'S ITEMS:** The communications committee is working the website and  
186 should be done with the navigation portion by next week

187  
188

189 **ADJOURNED:** Council Member Casas moved to adjourn the City Council Meeting at  
190 7:28 p.m. Council Member Poore seconded the motion. Council Members Casas, Hilton,  
191 Poff, and Poore voted yes. The motion carried

192  
193  
194  
195  
196  
197  
198  
199  
200  
201  
202  
203  
204  
205  
206  
207  
208

**APPROVED:** \_\_\_\_\_ Date

Mayor: Tammy Long
